The third Emergency Connectivity Fund (ECF) Program application filing window closed on Friday, May 13, 2022, at 11:59 p.m. ET.

During the third application filing window, eligible schools and libraries were able to request ECF Program support for eligible equipment and up to 12 months of services that will be received or delivered between July 1, 2022 and December 31, 2023 for off-campus use by students, school staff, and library patrons with unmet needs. Please see the Public Notice (DA 22-309) for additional information about the third application filing window, the service delivery date, and invoice filing deadline applicable to equipment, other non-recurring service, and recurring service requests submitted during this filing window.

**Key Reminders**

**Duplicate Funding Certification** – ECF rules do not permit applicants to receive duplicative support for the portion of the services and/or equipment that have already been reimbursed through other federal or state programs. Applicants must certify on the ECF FCC Form 471 that they have not received funding through another federal or state program for the services and/or equipment for which they are applying for ECF support. Please ensure that you are able to certify to the accuracy of this statement prior to submitting the ECF FCC Form 471.

**SAM.gov Transition From DUNS to UEI**

On April 6, 2022, the FCC released Public Notice DA 22-371 which announces the transition from the Data Universal Numbering System (DUNS) number to the Unique Entity Identifier (UEI). At this time, only entities that receive direct payments or disbursements from the FCC must obtain a UEI and complete full entity registration in SAM.gov, including for the ECF Program. Most organizations who participate and receive payments in the ECF Program should have already registered with SAM.gov. If you are submitting requests for reimbursement for the ECF Program, you are required to register in SAM.gov and already have a UEI. No further action is required; USAC will reach out directly to these ECF participants if needed. If you will be submitting requests for reimbursement for the ECF Program and have not completed your registration in SAM.gov, you should do so now.
Frequently Asked Questions

If demand in the third application filing window exceeds available funding, how will funding requests be prioritized?

In the event that demand exceeds available funding during any ECF application filing window, ECF funding requests will be prioritized based on an applicant’s E-Rate discount rate for Category One services, adjusted to provide a five percent increase for rural schools and libraries. This means that those schools and libraries entitled to a higher E-Rate discount rate will receive funding ahead of those entitled to a lower discount rate, as reflected in the discount matrix provided in section 54.1708(c) of the ECF rules.

As such, if prioritization is required, for ECF applicants applying in the third window that have a validated E-Rate discount, USAC will rely on the applicant’s current Category One E-Rate discount rate (adjusted for rurality, if applicable) based on the number of students eligible for free and reduced lunch through the National School Lunch Program (NSLP) to prioritize the review and processing of ECF applications received in the third application filing window.

Applicants were permitted to provide updated information regarding their Category One E-Rate discount rate in the narrative box on their third window application. (This information will be validated as part of the application PIA review process). For ECF applicants applying in the third window that have not participated in the E-Rate program (and, therefore, do not have a validated E-Rate discount rate), USAC will validate their discount rate during the PIA review process.

What if my school or library does not have a validated E-Rate discount because I don’t participate in the E-Rate program?

If your school or library does not have a validated E-Rate discount, please be prepared to respond quickly to requests to validate a discount rate, including providing documentation to support the discount rate. Failure to respond promptly could result in your ECF application not being reviewed.

What information should we use to answer the fourth unmet needs survey question?

In response to the fourth unmet needs survey question about how many students will be provided a connected device, a broadband connection, or both a connected device and a broadband connection with the ECF Program funding requested, schools that applied during the third window needed to provide the number of students that they will provide connected devices, broadband connections, or both with the ECF funding requested during the third application filing window. There was no need to
report the number of students that were or will be provided equipment and/or services through a first or second window committed funding request on a third window application. If you already responded with information that includes all three application windows, you may request to modify your unmet needs survey responses in the ECF Portal during the PIA review process or through a Post-Commitment Request if the funding request has been committed.

**ECF Requests for Reimbursement Reminders of the Week**

Check out our [Request for Reimbursement ECF FCC Form 472 (BEAR) Checklist](#) and [Request for Reimbursement ECF FCC Form 474 (SPI) Checklist](#) for step by step guidance on what to do after you receive a Funding Commitment Decision Letter.

**Check SAM.gov Registration** – We remind applicants and service providers, who agree to invoice on behalf of the applicant, to ensure your SAM.gov information and registration is updated and active. If you will be submitting ECF requests for reimbursement (i.e., ECF FCC Form 472 or ECF FCC Form 474) and have not completed or updated your SAM.gov registration, please do so now. You may use this link to complete or renew your SAM.gov registration: [https://sam.gov/content/home](https://sam.gov/content/home). SAM.gov registrations must be renewed on annual basis. If not renewed, the account will be deactivated.

Following these reminders and tips will help streamline the review and processing of your ECF request(s) for reimbursement and can help you receive the funds more quickly. Requests for reimbursement will be reviewed and processed on a rolling basis.

For more reminders and tips regarding requests for reimbursement, please visit the [Reminders and Tips](#) page on the ECF Program website.
